## **50 Trax Ambulances pressed into service to fight Covid-19 in Nanded**

**Nanded, May 03, 2021-** The immensely popular Force Trax Ambulances were pressed into service to combat the rising COVID-19 cases in Nanded district by Guardian Minister Mr. Ashokrao Chavan. The vehicles were flagged off on May 01 to commemorate Maharashtra Foundation day in the presence of state and local dignitaries.

The Force Trax Ambulance is India's most rugged and reliable patient transport ambulance with all terrain capability. This fully factory-built ambulance is built on an all new modular next-gen utility vehicle platform with all new body and all new interiors. It is ready to use from day one.

The all-new Trax ambulance complies with all the latest regulations and is ideal for state government health departments, government hospitals, emergency service providers and corporates on account of its proven performance, excellent reliability, and unmatched durability. It is supported by an industry best warranty of 3 years / 3 lakh km.

Speaking on the occasion, Mr. Ashutosh Khosla, President Sales and Marketing, Force Motors said, "We are proud that Nanded administration has reposed its trust on the proven Trax platform to ferry patients from all parts of Nanded district. We are pleased to be a part of this noble initiative to strengthen the healthcare delivery system and fight the spread of Covid-19".

### **About Force Motors Limited**

Force Motors, was established in 1958 by Shri N. K. Firodia, with the vision to provide affordable commercial transport for the masses by harnessing the best available technology and offering economical, reliable and efficient products.

Today, Force Motors is a fully vertically integrated automobile company manufacturing automotive components, aggregates, vehicles and agricultural tractors. Its '**Traveller**' and '**Trax**' vehicle ranges are **market leaders** in their respective segments. Force Motors is the flagship of the company group headed by Dr Abhay Firodia which has 15 manufacturing units across the country and a 14,000-strong workforce.

Force Motors is the only company in the world that produces engines for both Mercedes and BMW Cars and SUVs. In March 2018, it entered into a JV with **Rolls-Royce** Power Systems AG to manufacture in India and supply worldwide their 10/12 cylinder S1600 engines (545 to 1050hp) for power generation and under floor rail applications.
